RE: Workwell Evaluation

Dear Joanne

On October 17 and 18, 2001 I visited Holiday Inn (BHMC Canada Inc) to conduct an evaluation of your occupational health and safety program according to section 82 of the Workplace Safety and Insurance Act. I appreciate the time and assistance given to me during the evaluation process. This report is based upon the results of our discussions, as well as interviews with your staff and observations made during the tour of the workplace.

As per our discussion, no points are awarded for plans/programs which are not documented, incomplete or in the development stage. The scoring of the evaluation is based on a marking scheme which allows full points (100%) or no points at all. There are no provisions to consider a range (i.e. 50 to 75%) when scoring a particular question on the evaluation.

Overall, Holiday Inn (BHMC Canada Inc) scored a total of 1305 out of a possible 1425 marks, or 91.6%. This is a good score indicating that a formalized health and safety program exists at Holiday Inn (BHMC Canada Inc). As a result, a surcharge is not applicable.

Please note the attached report as you continue to improve your health and safety programs. Consult the Safe Workplace Association and/or the Ministry of Labour for more specific information on the "how to" aspects of upgrading your program.

Please contact me if you have any questions about the evaluation or my suggestions for improving your health and safety program.

I sincerely hope that your efforts will be rewarded by a reduction in lost time accidents and associated costs.

Sincerely,

Jeff Pearce

Ontario Service Safety Alliance

accomplishments with WSIB.

You are a dedicated leader within our organization and I want you to know that you are greatly appreciated.

Warmest regards,

John

October 31

Dear Joanne,

I wanted to officially congratulate you, in writing, for the excellent job in leading the change regarding the Workwell audit.

I am always proud of my Canadian friends, but I was especially pleased with you
